MAY 1962

The Honorable Dean Rusk
The Secretary of State
Washington 25, D. C.

Dear Mr. Secretary:

The Central Intelligence Agency has developed a Counter-Insurgency Program Planning course in response to NSAM 131. The course is for two weeks beginning 28 May 1962, and will be held in CIA Headquarters, Langley, Virginia.

It is my pleasure to invite the Department of State to send two officers to participate. The program discusses CIA responsibilities and capabilities and the interrelationship of the Agency's objectives and tasks with those of other departments and agencies for effective coordination in counter-insurgency. The course is for middle-grade and senior-grade officers assigned to critical areas or to programs of counter-insurgency. Officers preparing for command, staff and country-team positions should find this course particularly useful to identify the problems encountered in specific countries and to plan courses of action.

In view of the sensitivity of the lectures and class discussions, officers selected for the course should have top secret clearance, and should be of the rank of FSO/3 or higher. Experience in the Department's programs for Southeast Asia or for Latin America would be particularly valuable in classroom discussions.

Attached is a brief form to be completed by candidates from your Department which should be returned by 16 May 1962 to the Director of Training, CIA Headquarters, Langley, Virginia.

I sincerely believe that the Program Planning course will be mutually beneficial.

Faithfully yours,

(Signed) Marshall S. Carter
